REMARKS

A typographical error was made on the transmittal for the above-referenced patent application at the time of filing, indicating the present application is a continuation of 09/302,609. The correct priority claim is from U.S. Ser. No. 09/302,629, a fact which Applicants assert can be readily ascertained from the copy of the declaration from the parent case (ultimately U.S. Ser. No. 08/292,597) which was filed with the application. Applicants submit that this error was made without any deceptive intent

This preliminary amendment should **not** be treated constructively as a petition under 1.78(a)(3) to accept an unintentionally delayed claim under 35 U.S.C. **120**, **121**, or **365(c)** for the benefit of a prior filed application. Applicants respectfully submit that the reference to U.S. Ser. No. 09/302,629 on the transmittal, although incorrect due to a typographical error, constitutes the *reference* required under 1.78(a)(2). Applicants are submitting this preliminary amendment in lieu of an application data sheet to complete the formalities of 1.78(a)(2).

For the convenience of the Examiner, a copy of the submitted declaration submitted at the time of filing is enclosed herewith.

Declaration, Petition and Power of Attorney For Patent Application

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am an original, first and joint inventor of the subject matter which is claimed and for which a patent is sought on the invention entitled:

REGULATED APOPTOSIS

the specification of which was filed in the U.S. Patent and Trademark Office on: August 18, 1994,
as U.S. Serial Number 08/292,597.

I do not know and do not believe that the subject matter of this application was ever known or used in the United States before my invention thereof or patented or described in any printed publication in any country before my invention thereof or more than one year prior to the date of this application, and that said subject matter has not been patented or made the subject of an issued inventor's certificate in any country foreign to the United States on an application filed by me or my legal representatives or assigns more than twelve months prior to the date of this application; that I acknowledge my duty to disclose information of which I am aware which is material to the examination of this application, that no application for patent or inventor's certificate on the subject matter of this application has been filed by me or my representatives or assigns in any country foreign to the United States, except those identified below, and that I have reviewed and understand the contents of the specification, including the claims as amended by any amendment referred to herein.

I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, §1.56(a).
